Keep the View with AIS Zip Line

Motorized ZIP Line System for Large Openings.

AIS WINDOWS – A DIVISION OF ASAHI INDIA GLASS LTD.

DESIGNED FOR THE WAY YOU LIVE.

Modern homes are built around open spaces, wide balconies, large sliders, expansive terraces. These openings bring in light, air, and stunning views. But they also let in insects, dust, heat, wind, and rain.

AIS Zip Line is designed for exactly this. It protects your space without closing it off, keeping every corner of your home open, usable, and comfortable, all year round.
